What Can I do for You?

I can do UX / UI design, front-end web development, logo design, motion graphics, photography, illustration, story boarding, and much more.

Objective

I am always looking to explore, create, and learn all that I can. Designing always offers great opportunities to discover new things and I look foreward to joining a group that is as dedicated to creating and learning as I am.

Experience

Freelance Designer, self-employed, Spring 2018 to present

Requested by various individuals and companies to provide advertising flyers, logos, and website development.

Inbound Specialist, Target, July 2017 to May 2021

Job focused on unloading trucks, stocking shelves, setting new displays, and organizing the back room. Heavy emphasis on teamwork, speed, and accuracy.

Animal Care and Research Intern, Fall 2019

Interned with the goal of animal behavior research and general care for a wide variety of animals. Assisted zoo keepers with their daily assignments such as cleaning, food preparation, medical care, training, and designing enrichment.

Teaching Assistant, Spring 2017

Helped with new media and sociology classes for underclassmen at the request of the professors. Aided students with assignments, projects, and critiques whenever possible.
